Dr. Rosemary F. Jones
Superintendent of Schools

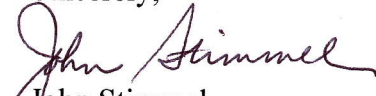

December 2, 2008

To Whom It May Concern:

It gives me great pleasure to write the following recommendation for the cultural arts performances of Robbi Kumolo. I have enjoyed being host to several of Robbi's performances. My students are always engaged and motivated during her shows. Robbi and her talented group of performers can bring the world to your school. Robbi is a pleasure to work with and she prepares programs that are tailored to meet instructional objectives for English language arts, social studies, and music.

Students become active participants at Robbi's performances. Stories, humor, and music reinforce time honored values of kindness and friendship. A performance by Robbi will be a welcome addition to your cultural arts assembly schedule.

Sincerely,

John Stimmel
Principal
