

# **Big Jim Adam** Rider: Technical Requirements

Big Jim often travels with his sound system (capable of filling small and medium sized rooms) and is pretty much self contained. The purchaser would still need to provide lights. Sometimes travel schedules and life in general does not allow Big Jim to haul his own PA equipment and the house would then be required to provide sound.

**UNLESS it is specifically stated in the agreement that Big Jim will provide his own sound, the following rider applies**

## **Solo**

If House is providing sound:

- 1) **Sound System:** Purchaser will supply a first class sound system including
  - A qualified operator
  - One on stage floor monitor
  - 1 Microphone on boom stand (SM 58 vocal mic or similar dynamic mic)
  - 1 DI box for Jim's sub mix of guitar and stomp box
- 2) **Sound Check:** whenever possible a sound check prior to opening of the house
- 3) **Lighting:** Purchaser will supply reasonable general lighting
- 4) **Onstage- Barstool:** Purchaser will supply a "bar-type" stool approximately (28") in height (please keep in mind Big Jim is, well Big, so something sturdy). **Guitar Stands:** Purchaser will supply two guitar stands to be placed on stage. **Small Table:** Purchaser will supply a small table for strings, slides, picks etc.

## **Duo — Big Jim Little John**

If House is providing sound:

- 1) **Sound System:** Purchaser will supply a first class sound system including
  - A qualified operator
  - Two on stage floor monitors
  - 2 Microphones on boom stands (SM 58 vocal mic or similar dynamic mic)
  - 3 DI boxes (1) for Jim's sub mix of guitar and stomp box, (1) for keys and (1) for organ
  - In some cases Purchases may need to supply keyboard. For these situations, one 88 weighted key keyboard on sturdy stand will be required
- 2) **Sound Check:** whenever possible a sound check prior to opening of the house
- 3) **Lighting:** Purchaser will supply reasonable general lighting
- 4) **Onstage- Barstool:** Purchaser will supply a "bar-type" stool approximately (28") in height (please keep in mind Big Jim is, well Big, so something sturdy). **Guitar Stands:** Purchaser will supply two guitar stands to be placed on stage. **Small Table:** Purchaser will supply a small table for strings, slides, picks etc. **Piano bench:** 1 armless chair or piano bench.
