LOS ANGELES--([BUSINESS WIRE](#))--Currently making a major splash in the indie Folk/Americana market with her self-titled debut on 37 Records, emerging singer/songwriter **Cathy-Anne McClintock's** (www.cathyannemcclintock.com) incredible musical journey inspires people everywhere to echo the title of her best known song “I Wanna Live Like That.”

Who wouldn't?

The track, sung with Grammy-winning bluegrass/folk legend **Tim O'Brien**, has appeared on **Disney Channel**, **HBO/Showtime** and has been recorded and released over 30 times by numerous international independent recording artists. She's also been featured in **Billboard**, **The Record** and **Marquee** magazine.

“I Doubt If It Does To You,” a duet with O'Brien from **Cathy-Anne McClintock**, is currently in the Top 20 on the **HotDisc Chart UK** and a popular country single in England, where it is receiving airplay on the **BBC** and across Europe.

Since moving to Southern California to focus on her solo career, McClintock — who enjoyed a successful ten year run with the Canadian based bluegrass band **Tumbleweed** — has established herself as a formidable performer with gigs at hotspots like **Genghis Cohen**, **The Mint**, **Kulaks**, **Hallenbecks** and various special events, including Laguna Beach's **Pageant of the Masters**, **Sunset Serenade Series**, **Far West Folk Alliance**, **Canadian Music Week** and the popular folk series **The Living Tradition**.

McClintock also made her on-camera feature film debut in **Ed Zwick's** critically acclaimed “**Leaving Normal**.”

McClintock complements her many musical activities these days with an environmentally friendly sideline, recycling gold. Teaming up with entrepreneurial friend, **Erin Stevenson**, in **My Gold Party California** (www.mygoldpartyca.com), she conducts well attended private house parties throughout Southern California where people come to recycle gold and receive a much better price than they can get from most jewelers and any online recycling services.

The company has been featured on the **CBS Evening News with Katie Couric**, **World News Tonight with Charles Gibson** and **Channel 7 ABC News Los Angeles**. Because of its obvious benefit to the environment, various activist organizations have also expressed interest in working with My Gold Party.
