

Lean On Me

words & music by
John Dandrea

**sometimes you're feelin' down
don't you think I see it in your eyes?
sometimes you feel so old
and friends are very hard to find
but I'm here, and I will play a song
it won't take very long
I'll send you on your way, looking for a brighter day
Lean on me, lean on me
Lean on me, lean on me.**

**in the middle of the night
if your dreams are keepin you awake
just come knocking on my door
there's friendship waiting there for you to take
we will laugh, and share our memories
feeling what each other sees
I'll send you on your way, looking for a brighter day
Lean on me, lean on me
Lean on me, lean on me.**
