# Molasses Creek

MMM! NOW THAT'S A TASTY PERFORMANCE!

Molasses Creek's humble beginnings arose amidst exotic fig trees and rich tidewater marshes of isolated Ocracoke Island, NC. This high-energy acoustic group continues to win loyal followings with a captivating stage presence, elegant harmonies, blazing instrumentals, and a quirky sense of humor. Award winners from Garrison Keillor's "A Prairie Home Companion," Molasses Creek has recorded 10 albums and its members have been featured in the Warner Brothers' movie "Nights in Rodanthe," have performed at presidential receptions, and include a graduate from Boston's own Berklee College of Music. Molasses Creek is Gary Mitchell (guitar & vocals), Fiddler Dave Tweedie (fiddle & vocals), Lou Castro (dobro, bass, & vocals), Marcy Brenner (mandolin, bass, vocals), and Gerald Hampton (mandolin & upright bass). See them performing at [www.molassescreek.com](http://www.molassescreek.com).
