African Djembe Classes for Everyone

“Animal Rhythm” Series

Drumming has been used throughout time for healing, ceremony, and community building. All of life has an underlying rhythm, whether it’s our own heartbeat or the movement of the stars. Drumming is a way to re-connect with these fundamental rhythms, supporting wellness on every level of being.

At the Santa Fe Harmony Center, we offer African djembe drum circle classes that teach specific rhythms each month, in addition to “creative drumming” where each person creates a unique beat out of which a group rhythm emerges.

Our newest drum series is a set of unique rhythms that resonate with the energy of different animals… dolphin, bear, deer, eagle, snake, jaguar, wolf, hummingbird, and more! Each “animal rhythm” has four beats that are learned over several classes.

Every Thursday Evening
7:00 - 9:00pm
