

Living the Divine

Energy Medicine and Personal Transformation Program

Program Overview

Living the Divine is a 12-month journey designed to heal and clear attachments to the past and open our energetic gateways as instruments of Spirit. The program includes six experiential weekends, monthly journey groups and fire ceremonies, Munay-Ki Rites transmissions and training, and four private shamanic sessions with Jim and Jennifer. Participants will create their own medicine bundles for healing work during the program.

The six weekend gatherings form the core of the program, and each meeting is designed around a general theme related to the directions: South, West, North, East, Earth and Heavens. Each direction has teachings and practices for transforming personal consciousness, including specific healing processes that can be used with others. The program also incorporates rituals that can be used for personal and collective awakening, balancing, and renewal.

Living the Divine groups are limited to eight members.

Mandatory Meetings

Each ***Living the Divine*** participant undergoes a significant personal transformation throughout the program. In addition, each member is an essential part of the group energy that develops over the year. For the maximum benefit of all, participants must commit to 100% attendance at the six weekend gatherings.

The other mandatory meetings are the Munay-Ki Rites weekend (which is open to other participants), and four private shamanic sessions with Jim and Jennifer. All meetings are held at the Santa Fe Harmony Center, and include indoor as well as outdoor activities.

Additional Gatherings (Optional but Recommended)

Monthly full moon fire ceremonies and shamanic journey & drumming groups at the Santa Fe Harmony Center are offered at no charge to ***Living the Divine*** participants. These two monthly gatherings help facilitate integration of the spiritual work accomplished at the weekend meetings.

Program Cost

The cost is \$1860, with quarterly payments of \$465 each. A discounted fee of \$1500 is available, paid in full prior to the first weekend gathering.
