

SIX PACK News October – December 2008

December 28, 2008

Where's Rubicon? That's what people were asking us before our gig last night at The Ranch. Well, we're certainly glad we found it because Rubicon ROCKS! We met some wonderful people in this fantastic city. A special thanks to Al and his gang for coming out to party with us. It was great to see Marlene & Warren too! This time they didn't have to travel so far! You'll have to venture out to Rubicon and meet our favorite bartender - Rebecca. She's a lot of fun and keeps the place rockin'!

Standard Process invited us to join them at their annual Christmas party last night. It was held at Country Springs Hotel. We had a blast! This company knows how to get together and have a great time! They danced to every song all night and then we played an encore. We met some wonderful people. It must be a very nice place to work. We would like to thank Charlie DuBois, Jeanne, and the whole Standard Process gang for bringing "Six Pack" to their party! Ooh yeah, ooh yeah...

*I have some sad news. We lost a dear friend, Pam Powless, yesterday. We met Pam and her husband, Roy, in "Barry's Truckers". They are from Green Bay and were loyal fans of Barry for many years. They both lit up a room and always danced the night away. They traveled around the country with their hot rod and attended many Oldies conventions and car shows. They always had cool stories to tell about their many adventures. They followed the band up to Michigan one year with their hot rod and won first place in the car show! On July 26, 2008, Pam & Roy came out to Purcell's Oneida Casino to see "Six Pack". Before they left I took a nice picture of them and gave them each a hug. Pam will always be one of my all-time favorite people. We send our love to Roy and Pam's family.
See the Photo page for pictures of Pam.

If you want to meet some of the nicest people EVER just go to Patrice's in Saukville! You will be greeted by the wonderful owners, Patrice and Marty. Then you will be served by friendly bartenders and wait staff. When you sit down the customer next to you will strike up a friendly conversation. That's the way it is at Patrice's - everyone is there to enjoy each other's company, have a bite to eat, and enjoy a beverage. The atmosphere is comfortable and the surroundings are beautiful. Wood, glass, greenery, and brass artwork are displayed throughout the building (Patrice calls it "the house").

Patrice's had 4 birthday parties going on this past Saturday and everyone was out to PARTY! We set up in the dining room on a narrow stage, with Marty and his drumset in front of us. It was an unusual set up but it worked. They danced all night and we had a great time! At the end of the night, Patrice gave us each a warm hug, thanked us for the party, and wished us a safe trip home. Many thanks to Patrice and Marty for inviting us to entertain "The House".

We'll see you after Christmas on December 27 in Rubicon!

We had a great time at A.J.'s on Saturday. You have to check this place out! They have a nice bar and stage and lots of room for dancing. It's a comfortable place to relax with friends. The owner, A.J. keeps the place rockin' and he loves to dance! Bar manager, Joe "Billy Bob" is a nice guy and works hard to keep everyone happy. Thanks to our friends and family who came out to party with us. We can always count on you to keep the dance floor hopping! Can't wait to see you all next week in Saukville.

If you weren't at the "K" Ranch last night, you missed quite a party! This was the place to be! We had werewolves, nurses, pirates, pimps, Army men, patients, bees, the Jolly Green Giant, Little Red Riding Hood, and lots of witches (good and bad). Paul Barry (Barry's Truckers) was there and entertained the crowd like usual! He had the entire dance floor doing the "worm". It was great to see Paul and fun to play rock and roll with him again. Scooter Luv (Mt. Olive) stopped in to drink some Tequila and make me laugh really hard like he always does! We had a great crowd! Thank you all for spending your Halloween rockin' with "Six Pack".

The website experienced "technical difficulties" last week, but we're back! Thank you for being patient while I learned a whole lot about the internet, domain names, servers, and IP & DNS addresses. Now I know EVERYTHING! I had lots of help from the Bandzoogler staff and I appreciated their quick responses to my questions. So, anywho - the band had a photo shoot tonight. We had so much fun! Many thanks to our photographer, Tom, for putting up with our shenanigans. Get the airbrush out and print 'em up!
