

Dear Manager(s),

Enclosed you will find a demo CD and song list for the band **WEIRD-SCIENCE**. We are interested in performing at your establishment. Our target audience is the under-50 crowd, but we specialize in music for the "30 & 40-somethings". Our music selection is predominantly modern interpretations of classic 80's music performed by highly skilled and experience musicians. The music is well suited for clubs, parties, festivals and dancing.

We do not book more than one show per month so please keep that in mind when considering us. We own a complete P.A. and modern light rig and employ our own sound and light technicians. Our standard show consists of three 45-75 minute sets, but that can be adjusted to suit the event.

Please take a look at the enclosed materials and let us know if we can work together. And lastly, rest assured that we are reliable and honor our commitments.

Sincerely,

Don Sieg

Band Leader
