Oak Lawn, IL 60453

Dear Angela:

Just a note to repeat our deepest and most enthusiastic THANKS for your performance at PDC Properties' Annual Summer Concert Series last Wednesday afternoon!

It's always gratifying to me when a client is excited about hiring any band that I have recommended to them—I pride myself on my standards when it comes to quality of performance and professionalism. But when a client calls after the fact with raves and requests for a repeat appearance *more than a year in advance of their event*—then I have to throw *all* the credit to the performers!

Your enthusiasm and audience rapport was just above and beyond compare. When Julie reported to me that you had invited one of her office tenants to join you onstage for an impromptu percussion jam, she was as delighted as I have ever seen her in the 6 years that I have been coordinating this event for PDC.

It's one thing when expectations are met. But when they are exceeded and surpassed in this manner, we are nothing less than **obligated** to express our gratitude for *how good* you make *us* look!

Congratulations—with this one performance, your fan base has increased by several, and will continue to do so with next year's return engagement and, I'm sure, with all of your performances to come. If ever you need a reference, we will be most happy to supply it!

Looking forward to working with you again (and again and again!),

Carol Watkins
