

## THE HIGH STREET BROADCAST

### ON THE AIR IN 5, 4, 3...

A bit of nostalgia with a modern touch. *The High Street Broadcast* is a variety program set in the framework of an old time radio show. It's unique hour format includes zany character sketches, original songs, and a half-hour serial, all with our signature HSB comedic twist.

What began two years ago as an outlet for local talent is now a passion and our way to preserve and promote radio theater as a viable medium of entertainment.

We create a new show each month, which is then performed in front of a live audience. We hope you enjoy the show as much as we enjoy creating it for you.

Love & Luck!
