

Music Adventurers

Group Music Classes for Children (Ages 7-10)

Vision:

Learning music principles in this fun, relaxed group environment will help increase your child's self-confidence, motivation, interpersonal skills, literacy, math and musical skills, and promote a lifetime love of music.

Learning:

- ♪ Exposure to different types of music (music appreciation)
- ♪ Basic music theory (note recognition, time signatures and rhythms, key signatures, music terms, etc.)
- ♪ Sight-singing and ear-training (recognize and sing pitches and intervals)
- ♪ Music history (the development of music throughout history and how it relates to today's music)
- ♪ Simple Piano – learning the notes on the keyboard, etc.

Example class:

Exercise	Learning Goal
