3 SESSIONS: 1. July 2nd-6th, 2. 9th-13th, 3. 16th-20th

Headed by Teacher Michelle these camps celebrate the benefits of multi-age groups. They promote an atmosphere of cooperation, teamwork and peer teaching, while meeting the needs of each child regardless of age. Older children assist younger students as helpers while building confidence and sense of responsibility. Each week will have a different FUN theme. Activities offered during camps might include cooking, water play, all about bugs, hands-on science, crafts and gardening, and will be age-appropriate for all campers.

Play All Day Camp

1 SESSION: August 27th-31st

Led by Teacher Michelle and staff, this extended hours camp will be oodles of fun. Brought back by popular demand, this camp allows parents the time to get ready for the school year while their children have a blast playing, learning, singing, creating and being mothered. It's a great way to end the summer!
