LONGWAY TRIUMPHANTLY RETURNS HOME WITH THE VANS WARPED TOUR, CELEBRATES THE RELEASE OF *JUNKIE*.

ORANGE COUNTY, CA – AUGUST 20, 2009 – After a whirlwind 2008 that included a chance meeting with Vans Warped Tour founder Kevin Lyman, LONGWAY has emerged from the niche of Orange County to become one of the nation's most promising punk rock outfits. As the first confirmed act of this summer's Vans Warped Tour from Kevin Lyman directly, LONGWAY has continued to cement a rabid fan base along every stop of the tour in support of the band's Old Shoe Record's follow-up release *JUNKIE*. Recently named one of the top 10 must watch bands of the tour by About.com with other genre staples such as The Bouncing Souls, NoFX and Gallows, LONGWAY was described as, "a bunch of tattooed California punks who play passionate street punk with a hint of rockabilly."

JUNKIE, was recorded in just three weeks time in Sacramento during a brief, albeit, productive break between touring runs. Fresh off their trek with friends, Danish psychobilly trio, Horrorpops, frontman Brian Longway along with guitarist Trevor Jackson and drummer Mikey Pettengill entered the studio to record the collection of songs that result from the band's very busy preceeding year. Brian Longway explains, "We did a ton of touring in a relatively short amount of time. The road really gives you a different perspective on everything. Junkie is a collection of that." The record also includes a special guest appearance by Patricia Day on the single "Honey."

Longway will be available for interviews during the final two days of the 15th annual Vans Warped Tour. To arrange interviews, obtain further information or to request a copy of *JUNKIE* for review, please email Ramon@oldshoerecords.com
