

Rhythm Watch Band

Biography

The Rhythm Watch Band is a cover band that performs current Pop, 80's-90's Dance, 70's Disco, Classic Rock, Motown, Country, Hip-Hop and Rap music, as well as standards. At a given performance, we cover about five decades of music. We pride ourselves on not just playing the music...but putting on the most entertaining show you'll ever see from a local band.

In reality, we are proudly one of the most unusual entertainment acts in St. Louis. Yes, that may sound cliché, but in the case of the Rhythm Watch Band, "seeing is believing." Our uniqueness is largely through the colorful and often hilarious antics of entertainer extraordinaire, "C.J.". She also happens to be band's owner.

The key to the band's success is its unique ability to "read the crowd", improvise the music being performed...and take a *lot* of creative license with how the music is presented to the audience. We very rarely ever play the same exact songs two nights in a row.

Rhythm Watch Band members have performed in every kind of venue imaginable including nightclubs, bars, restaurants, school picnics, banquet centers, parks, backyard pool parties, hotels and convention centers. In commercial venues, such as a bar or nightclub, the band can bring a crowd to the dance floor within the first couple notes of its first song of the night. For weddings or business banquets, Rhythm Watch Band's music can provide the right background sound to create the perfect dining and socializing ambience. Our repertoire is filled with songs people know and appreciate. Matching the right music to the right moment is what we do best!
