

A NOTE ON APPROVED SETTINGS

The Australian Bishops Commission for Liturgy (BCL) has put forth six **recommended settings** for acceptance in the Church in Australia, with the aim of encouraging a common national repertoire.

At the same time, the Commission fully supports the publishing and promotion of musical settings *beyond these six* that have sought and received approval from both ICEL (the International Commission on English Language) and the BCL. Whilst communities and ministries are asked to give the recommended settings special consideration, they are *free to adopt and use other **approved settings** according to their pastoral situation*. *Rivers and Rivers Youth* fall into this category.
