

Copyright Information:

All Emmanuel Resources/emmanuelworship music is subject to the copyright laws of Australia.

Schools Copyright Clearance:

Schools, and other organisations, are now able to purchase a copyright clearance with emmanuelworship products. This allows the organisation/institution to copy, print and project music and lyrics. This covers the organisation/institution for photocopying (scanning and printing), overhead projection and data projection for the life of the product. It covers specific emmanuelworship products only. Copyright clearance costs are as little as \$10 per music book.

General Copyright Information:

Most churches/parishes in Australia are registered with CCLI and/or WOLI. This usually means that there is a process in place where use of songs or music is recorded and then reported at regular intervals. There may be separate licenses for photocopying (and printing) sheet music/lyrics and also for projection of lyrics. Churches may also be licensed with other licensing organisations.

From our investigation most schools in Australia are not registered with CCLI or WOLI. Most are registered with CAL which is a photocopy license that allows up to 10% of a publication to be copied. A CAL licence does not cover schools to duplicate song books and multiple song lyrics nor does it cover projection of song lyrics (OHP, Data projectors).

All Emmanuel Resource publications and songs are registered with:

- Word of life International (WOLI) (*Worship use - Copying and Projection - Aus and NZ*)
- CCLI (*Worship use - Copying and Projection*)
- CAL (*Copying and duplicating up to 10% - Aus and NZ*)
- APRA (*Live performance, Broadcasting - Aus and NZ*)
- AMCOS (*Mechanical Reproduction - Aus and NZ*)

If your organisation holds a licence with these agencies please follow your usual reporting protocols. If you are not licensed please contact one of the copyright agencies or contact us for a one off license. Thank you for respecting copyright as it allows us to continue to create new resources for your use.

All resources are only permitted to be duplicated and used in ways which copyright licenses allow. Please contact your license agency for specific details. Unless covered by a copyright license no part of any Emmanuel Resource/emmanuelworship publication may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopy, recording, or any information storage and retrieval system without express permission in writing from the Publisher (Emmanuel Resources).
