

THE HECTIC

Artist Profile

The Hectic

The Hectic took shape in Houston, Texas as a collection of accomplished musicians with diverse styles and influences whose musical alchemy has been characterized as Nine Inch Nails meets Pantera. Let's call it "Texas Industrial Alt-Metal".

With a cast of seven the unforgettable live show is a colossal event. Full of action and intrigue, it unfolds like a psychological thriller starring the front man's brooding persona and twisted vocals, the bottomless crunchy rhythm guitar, leads that move from hypnotic to grandiose, a creeping undercurrent of samples and electronica, the shredding cellist, all piled on the rhythm section's brazenly untamed bass lines and storming drummer who always brings down the house.

Ronnie Tinsley (Guitar & Vocals)
Chris Owen (Guitar & Vocals)
Cory Simpson (Noise & Samples)
Danny Acker (Bass Guitar)
Marilyn Tovy (Cello)
Ken Pride (Drums & Percussion)
Kevin Reed (Guitar & Vocals)

Reviews:

Houston Chronicle - Handstamp Review of HBC CD Compilation Featuring "Rise Above" - By The Hectic

"...The album's strongest track, Rise by The Hectic, jumps out with shrill Motorhead style riffs, but swerves immediately to something even darker and more menacing, sounding like Pantera wrestling Linkin Park. The engaging and varied production keeps you wondering where exactly the song is going to go..."

Facts
