Hey. In your documentation you mentioned a six week training. I am interested in finding out more information such as cost, dates and location. My son is really enjoying your class. I am so..pleased he has found something that has him motivated. You are doing a great job and keep up the good work. Please give me a call at (704) 907-8226 cell or (704) 427-0970 wrk. If you have time to talk after your class I pick Xavier up daily. Thanks again in advance. Have a great day!!
